

## Academic Year Interns

CargoMetrics is a Boston-based technology-enabled hedge fund. The company was founded by Fletcher graduates and has a number of Fletcher alumni as employees. CargoMetrics is looking for one additional intern to join our Intelligence and Analytics team during the spring 2014 semester. The ideal candidate is highly motivated, goal-oriented and team-focused with a passion for understanding how the world works.

### Primary Responsibilities:

- Data quality assurance
- Analyzing global economic patterns
- Compilation of international economics-related data sets
- Researching infrastructure in specific regions or industries
- Researching and writing reports on specific regions or industries

### Requirements:

- Experience with database querying and data analysis highly desired
- Excellent research and analytical skills
- Coursework and career interest in one or more of the following areas: international economics, international trade, maritime affairs, geography, finance, energy, mining and minerals, agriculture, security studies or computer science
- Excellent written and verbal communication skills

This is a paid, part-time position (approximately 10-12 hours/week.) Our office is easily accessible by public transportation.

Please submit resume, hours of availability (number of hours/week and approximate schedule), and a brief explanation of your interest in CargoMetrics to [careers@cargometrics.com](mailto:careers@cargometrics.com), by Friday, January 31st.
